

## Oct 4 - Freeport Soccer Club Executive Session Minutes - Public Version

Executive session began at 6:45 pm for the sole purpose of freely discussing families who were behind in fee payments. Three families are of concern.

Suggestions as to how to collect from these families was discussed, including not allowing participation until fees are current. Direct deposit option was also mentioned as a possibility for the future.

Mel will be in contact with each team manager about these situations before the Board makes any decision about becoming more involved.
